Any notice of incompleteness requiring other information or documentation, including information of the type described in section 4939.0315 of the Revised Code or documentation intended to illustrate the need for the request or to justify the business decision for the request, does not toll the time period.

(D) If a supplemental submission is inadequate, the municipal corporation shall notify the

entity not later than ten days after receiving the supplemental submission that the supplemental submission did not provide the information identified in the original notice delineating missing documents or information. The time period may be tolled in the case of second or subsequent notices under the procedures identified in divisions (A) to (C) of this section. Sec. 4939.039. Notwithstanding sections 4939.031 to 4939.037 of the Revised Code, a municipal corporation shall approve within sixty days, and may not deny, an eligible facilities request under 47 C.F.R. 1.40001.

(D) Evaluate the request based on the availability of other potential locations for the placement of the micro wireless facility or associated wireless support structure, including the options to submit a request under division (A)(1) or (2) of section 4939.031 of the Revised Code or under division (A)(4) of that section to modify an existing micro wireless facility or associated wireless support structure except that a municipal corporation may propose an alternate location within fifty feet of the proposed location, which the requestor shall use if it has the right to use the alternate structure on reasonable terms and conditions and the alternate location does not impose technical limits or additional costs;

(E) Require the removal of existing wireless support structures or wireless facilities, wherever located, as a condition for approval of the request. This division shall not preclude a municipal corporation from adopting reasonable rules intended to ensure the public health, safety, and welfare with respect to the removal of an abandoned wireless support structure or abandoned wireless facilities.

(F) Impose restrictions with respect to objects in navigable airspace that are stricter than or in conflict with any restrictions imposed by the federal aviation administration;

(K) Condition the grant of consent on the requestor's agreement to permit other wireless facilities to be placed at, attached to, or located on the associated wireless support structure;

(L) Limit the duration of any permit that is granted, except that a municipal corporation may require that construction commence within two years;

(M) Impose setback or fall-zone requirements for the associated wireless support structure that are different from requirements imposed on other types of structures in the public way;

(N) Impose environmental testing, sampling, or monitoring requirements that exceed federal law or that are not imposed on other types of construction or elements of the construction;

(O) Impose any regulations pertaining to radio frequency emissions or exposure to such emissions that are contrary to or exceed rules of the federal communications commission;

(P) Impose separation requirements that require any space to be maintained between wireless facilities or wireless support structures;

(Q) Prevent the requestor from locating the micro wireless facility or wireless support structure in a residential area or within a specific distance from a residence or other structure.

(B)(1) The total annual charges and fees for the attachment and any activities related to the attachment shall be the lesser of the actual, direct, and reasonable costs related to the use of the wireless support structure by the operator or two hundred dollars per attachment.

(2) In any controversy concerning the appropriateness of a charge or fee under this section, the municipal corporation shall have the burden of proving that the charge or fee is reasonably related to its actual, direct, and reasonable costs.

(C) The charges, fees, terms, and conditions for attachments under this section, including the processes and time for approval of applications and permits for the attachments, shall be nondiscriminatory as to all attaching operators regardless of the types of services provided by the operators.

(D) Nothing in this chapter affects the need for an entity seeking to place a micro wireless facility on a public-utility owned utility pole to obtain from the public utility any necessary authority to place the facility.

Sec. 4939.0327. A municipal corporation shall not enter into an exclusive arrangement with any entity for the right to attach to the municipal corporation's wireless support structures.

Sec. 4939.08. (B)(1) Except as otherwise provided in division (A) of section 4939.06 of the Revised Code, nothing in sections 4939.01 to 4939.07 of the Revised Code applies to an ordinance both governing public ways and enacted by a municipal corporation prior to September 29, 1999, unless, on or after that date, the ordinance is materially modified.

(2) Division (B)(1) of this section does not apply to micro wireless facility operators and their facilities.

(C) Nothing in sections 4939.01 to 4939.07 of the Revised Code authorizes a municipal corporation to levy a fee, other than a public way fee authorized by section 4939.05 of the Revised Code, on a pipeline company or an operator of a pipeline facility regulated under the "Accountable Pipeline Safety and Partnership Act of 1996," 110 Stat. 3793, 49 U.S.C.A. 60101, or on an operating partner or affiliated business unit operating under guidelines of the federal energy regulatory commission as they relate to the construction and operation of a pipeline.

DANGEROUS AND RESTRICTED WILD ANIMALS

The foregoing appropriation item 700426, Dangerous and Restricted Animals, shall be used to administer the Dangerous and Restricted Wild Animal Permitting Program.

COUNTY AGRICULTURAL SOCIETIES

The foregoing appropriation item 700501, County Agricultural Societies, shall be used to reimburse county and independent agricultural societies for expenses related to Junior Fair activities.

SUPPORT FOR SOIL AND WATER DISTRICTS IN THE WESTERN LAKE ERIE BASIN

Of the foregoing appropriation item 700509, Soil and Water District Support, \$350,000 in fiscal year 2017 shall be used by the Department of Agriculture for a program to support soil and water conservation districts in the Western Lake Erie Basin to comply with provisions of Sub. S.B. 1

of the 131st General Assembly. The Department shall approve a soil and water district's application for funding under the program if the application demonstrates that funding will be used for, but not limited to, providing technical assistance, developing applicable nutrient or manure management plans, hiring and training of soil and water conservation district staff on best conservation practices, or other activities the Director determines is appropriate to assist farmers in the Western Lake Erie Basin in complying with the provisions of Sub. S.B. 1 of the 131st General Assembly.

SOIL AND WATER DISTRICTS

In addition to state payments to soil and water conservation districts authorized by section 940.08 of the Revised Code, the Department of Agriculture may use appropriation item 700661, Soil and Water Districts, to pay any soil and water conservation district an annual amount not to exceed \$40,000 upon receipt of a request and justification from the district and approval by the Ohio Soil and Water Conservation Commission. The county auditor shall credit the payments to the special fund established under section 940.08 of the Revised Code for the local soil and water conservation district. Moneys received by each district shall be expended for the purposes of the district.

CLEAN OHIO AGRICULTURAL EASEMENT OPERATING EXPENSES

The foregoing appropriation item 700632, Clean Ohio Agricultural Easement Operating, shall be used by the Department of Agriculture in administering Ohio Agricultural Easement Fund (Fund 7057) projects pursuant to sections 901.21, 901.22, and 5301.67 to 5301.70 of the Revised Code.

SECTION 4. That existing Section 211.10 of Am. Sub. H.B. 64 of the 131st General Assembly is hereby repealed.

SECTION 5. Section 4113.85 of the Revised Code, as enacted by this act, is enacted pursuant to the General Assembly's exclusive authority under Section 34 of Article II, Ohio Constitution, to fix and regulate the hours of labor and provide for the comfort, health, safety, and general welfare of employees. The General Assembly finds that the regulation of the employment relationship between an employer and the employer's employees as it pertains to hours of labor and fringe benefits is a matter of statewide concern that requires uniform statewide regulation. Many employers in this state operate in multiple political subdivisions. Consequently, the General Assembly finds that permitting individual political subdivisions to enact their own requirements for private employers concerning hours of labor and fringe benefits creates additional and unnecessary costs on employers, diminishes employers' flexibility to respond to changing economic conditions, adversely affects employees' job flexibility, impairs economic growth, and impedes employers' ability to operate competitively both in Ohio and elsewhere. By enacting section 4113.85 of the Revised Code, it is the intent of the General Assembly to exclusively regulate the hours of labor and fringe benefits arising from the employer-employee relationship.

SECTION 6. If any item of law that constitutes the whole or part of a codified or uncodified section of law contained in this act, or if any application of any item of law that constitutes the whole or part of a codified or uncodified section of law contained in this act, is held invalid, the invalidity does not affect other items of law or applications of items of law that can be given effect without the

invalid item of law or application. To this end, the items of law of which the codified and uncoded sections of law contained in this act are composed, and their applications, are independent and severable.
