Mrs. [redacted] resides on the first and second floor with her husband, Mr. [redacted]. Mrs. [redacted] stated that the 3rd floor is occupied by another tenant of the building. The building has a foyer entranceway that has two exterior doors. The first door leads into the foyer and is kept open and unlocked. The second door is inside the foyer and separates the foyer from the first floor of the building. Mrs. [redacted] stated that this door is kept locked and secured by key entry. There is no alarm system attached to this door. Once inside the hallway there is another door that separates the hallway from the apartment residence. This door is alarmed.

Mrs. [redacted] stated that a security system motion alert went off and notified them of entry into the front door of the building through a smart phone app. This alarm system is monitored through alarm.com. Mrs. [redacted] was unable to access the CCTV system at the time I spoke with her. Mr. [redacted] advised that the suspect opened the second door that leads into the first floor hallway of the building and had entered through the same when Mr. [redacted] confronted the suspect and yelled. Mrs. [redacted] stated that she then came downstairs and was able to observe the suspect with a dark colored bicycle in the foyer as he began to exit the building. Mrs. [redacted] stated that she had her cellphone out and was taking pictures of the suspect as he closed the foyer's front door. Mrs. [redacted] stated the suspect then fled southbound in the 2000 block of Madison on the bicycle. No property was reported stolen.

Mrs. [redacted] stated that she did not notify 911 at the time of the incident but did notify Sgt. Leo Furman (E954 Criminal Intelligence) of the incident later that day. Crime Lab was requested to the location. Crime Lab Technician Fornili (Unit #5811) responded and processed the scene for latent prints. Signs of forced entry on the front door to the location could not be determined due to previous damage to the door for a forced entry conducted by the fire department for an unrelated incident. Mrs. [redacted] stated that all damage to the door appeared to be old damage as a result of that previous forced entry. Mrs. [redacted] was advised to contact police for a follow up if she was able to gain access to the security system with any additional information. There are no City Watch cameras in the immediate area. Sgt. Furman will be following up with the investigation. Investigation is ongoing.
