

# FOX NEWS POLL

*Questions 1-4 and 7-51 are for release after 9:00 AM/ET Sunday, December 15, 2019.  
Questions 5-6 and 52-53 are held for future release.*

## **Methodology**

Interviews were conducted December 8-11, 2019 among a random national sample of 1,000 registered voters (RV). Landline (221) and cellphone (779) telephone numbers were randomly selected for inclusion in the survey using a probability proportionate to size method, which means phone numbers for each state are proportional to the number of voters in each state.

Results based on the full sample have a margin of sampling error of  $\pm 3$  percentage points.

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (formerly known as Anderson Robbins Research) and Shaw & Company Research (R).

*Note: In 2019, the firm Anderson Robbins Research changed its name to Beacon Research; the Fox News bipartisan polling team remains unchanged.*

Fieldwork conducted by Braun Research, Inc. of Princeton, NJ.

Fox News Polls before 2011 were conducted by Opinion Dynamics Corporation.

*Results are of registered voters, unless otherwise noted.*

*An asterisk (\*) is used for percentages of less than one-half percent.*

*A dash (-) represents a value of zero.*

*Some percentages may not add to 100% due to rounding. In the same way, percentages in "total" columns may be one point more or less than the sum of their parts due to rounding.*

1. Do you approve or disapprove of the job Donald Trump is doing as president? **[IF APPROVE / DISAPPROVE: Is that strongly (approve/disapprove), or only somewhat?]**

**\*\* President Trump Job Ratings Summary Among Registered Voters \*\***

### Fox News Poll -- Margin of Error for Subgroups

The Fox News Poll is conducted under the joint direction of Beacon Research (D) (*formerly known as Anderson Robbins Research*) and Shaw & Company Research (R). It was conducted by telephone (landline and cellphone) with live interviewers December 8-11, 2019 among a random national sample of 1,000 registered voters.

Results based on the full sample have a margin of sampling error of plus or minus three percentage points.

Results among the attached subgroups have larger sampling errors:

	All Voters	Democratic Primary Voters	Q16 Supporting a candidate	Q36 No / Don't know	Q40a
All Voters	+/- 3%	+/- 4.5%	+/- 5%	+/- 4%	+/- 5.5%
