1 TROUBLEMAN: Hey, [REDACTED], [REDACTED]  
2 [REDACTED].

3 DISPATCHER: Hey.

4 TROUBLEMAN: The fuses I was on  
5 over here by the fire, were you-all aware of  
6 that?

7 DISPATCHER: The fire, are you talking  
8 Bucks Creek?

9 TROUBLEMAN: Yep.

10 DISPATCHER: Okay, Switch 941?

11 TROUBLEMAN: [REDACTED] opened that, but  
12 I opened the fuses 17733.

13 DISPATCHER: Oh, you did.

14 TROUBLEMAN: Yeah, there was two of  
15 three blown, the 1 and 2. And I opened the  
16 remaining and I don't even remember what time I  
17 did it.

18 DISPATCHER: Guess? Do you have a  
19 guesstimate?

20 TROUBLEMAN: Let's go 1640.

21 DISPATCHER: 1640. And was that after he  
22 opened that switch?

23 TROUBLEMAN: No, that was way  
24 before.

25 MAN 1: He opened the switch at 2030.

1 DISPATCHER: Okay.

2 TROUBLEMAN: Yeah, that was for the  
3 tree that was the on line, there's a tree on a  
4 line that started a fire.

5 DISPATCHER: Oh, my goodness.

6 TROUBLEMAN: I opened that and when  
7 the ground troops got up there, they wanted that  
8 other section of line opened up too.

9 DISPATCHER: Okay. So let me get this  
10 associated -- let's see -- and that's tagged  
11 MOL?

12 TROUBLEMAN: Yeah.

1                   DISPATCHER: ...and that's what started  
2 the fire? For your --

3                   TROUBLEMAN: Correct. No, that started  
4 it.

5                   DISPATCHER: Okay.

1                   TROUBLEMAN:   ██████████ ██████████, our Cal Fire  
2 liaison was up here, all of that. The fire was  
3 only, I'm guessing about three acres. That was  
4 seen on the fire page. They said it was at two  
5 acres and pretty much contained. They got ground  
6 crews up there working on it now.

7                   DISPATCHER: Okay.

8                   TROUBLEMAN: No damage to any of our  
9 poles or anything except for still on the line.

10                  DISPATCHER: Okay. So the cause here -

11 -

12                  TROUBLEMAN: That might --

13                  DISPATCHER: -- was vegetation. Tree  
14 grew into line or it fell onto the line?

15                  TROUBLEMAN: No, it fell, fell into the  
16 line.

17                  DISPATCHER: Tree onto the line and --

18                  TROUBLEMAN: First span, load side of  
19 M17733.

1           DISPATCHER: There's no wire down or  
2 anything like that? Everything's good?

3           TROUBLEMAN: Yeah.

4           DISPATCHER: I'll just say overhead  
5 conductor normal. Okay, awesome.

6           TROUBLEMAN: And I guess when they give  
7 us the green light to go back up there, we'll  
8 just kind of do a little safety look at about two  
9 or three poles and reenergize it.

10          DISPATCHER: Okay. Sounds good. We'll  
11 probably talk sometime tomorrow then, huh?

12          TROUBLEMAN: Yeah, I would figure so.

13          DISPATCHER: Okay. Thank you.

14          TROUBLEMAN: All right. Thanks,

15          ██████████. Have a good night.

16          DISPATCHER: You to.
