AN ACT to amend the public health law, in relation to enacting the reproductive freedom and equity program

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Short title. This act shall be known and may be cited as
the "reproductive freedom and equity program".

3 § 2. Legislative findings. The legislature finds:

4 1. Abortion is essential health care and integral to the overall 5 health and wellbeing of individuals.

6 2. In 1970, New York legalized abortion, three years prior to the 7 Supreme Court decision in Roe v. Wade, which enumerated a constitutional 8 right to abortion care.

9 3. On January 22, 2019, the 36th anniversary of the Supreme Court 10 Decision Roe v. Wade, New York modernized our state law to be consistent 11 with the holdings of Roe v. Wade, articulating in that every individual 12 has a fundamental right to abortion.

4. Despite a constitutional and state right to abortion care, barriers exist that challenge an individual's ability to exercise their right to care.

5. Individuals seeking abortion care can often experience obstacles to obtaining an abortion, whether that is an inability to afford the cost of care, the distance one must travel, the costs associated with travel including transportation needs, childcare, lodging, lost wages and more. Barriers to care are often intensified for immigrants, young people, people with disabilities and those living in rural areas.

7. If the United States Supreme Court overturns Roe v. Wade, access to care across the country will dramatically shift with people in at least for states - 36,000,000 women and individuals with the capacity to become pregnant - losing access to care.

8. It is estimated that in the wake of state bans on abortion across the country, New York would be the nearest provider of care for 190,000 to 280,000 more women of reproductive age.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

9. Abortion funds, abortion providers, and other community-based 1 organizations have provided essential support to individuals facing 2 practical support needs. These entities assist individuals seeking 3 abortion care including those living in New York, those traveling to New 4 5 York and those who must travel outside of New York for care. 6 10. With no direct state investment, safety-net abortion providers and 7 abortion funds predominately rely on philanthropic giving to address 8 unmet needs of abortion patients, challenging their ability to meet 9 present need, or any future increase demand for care. 10 New York has a proud legacy of protecting and expanding access to 11. 11 comprehensive reproductive and sexual health care services, including 12 abortion. 12. In furtherance of that legacy, it is incumbent upon the state to 13 14 adopt bold and innovative programs and policies that protect and advance 15 reproductive freedom. § 3. Article 25-A of the public health law is amended by adding a new 16 17 section 2599-bb-1 to read as follows: <u>§ 2599-bb-1. Reproductive freedom and equity program. 1. As used in</u> 18 this section, the following terms shall have the following meanings: 19 20 (a) "Abortion" shall mean the termination of pregnancy pursuant to 21 section twenty-five hundred ninety-nine-bb of this article. 22 (b) "Medical services" shall mean the range of care related to the 23 provision of abortion. The program is designed to provide support to abortion providers 34 to increase access to care, fund uncompensated care, and to address the 35 support needs of individuals accessing abortion care. 36 3. The commissioner is authorized to distribute funds made available 37 for expenditure pursuant to this section. In determining funding for applicants under the program, the commissioner shall consider the 38 39 following criteria and goals: 40 (a) Increase access to care by growing the capacity of abortion providers to meet present and future care needs. Funds shall be awarded to abortion providers and non-profit entities to support uncompensated costs of the medical 50 services associated with abortion care for individuals who lack insur-51 52 ance coverage, are underinsured, or whose insurance is deemed unusable 53 by the rendering provider. 54 (c) Address practical support needs of individuals accessing abortion 55 care. 6. Any non-profit organization or provider receiving funds from the
program shall take all necessary steps to ensure the confidentiality of
the individuals receiving services pursuant to state and federal laws.

18 § 4. Funding used to support the program shall be pursuant to funds 19 appropriated by the legislature and pursuant to subsequent chapters of 20 law.
