No. 23-1409	NATURAL LAND INSTITUTE, Petitioner v. BILLY NOLEN, Acting Administrator of the Federal Aviation Administration, Respondent
-------------	---

Upon consideration of the **EMERGENCY MOTION FOR STAY PENDING REVIEW**, filed on March 6, 2023, by counsel for the petitioner,

IT IS ORDERED that the motion is **DENIED** without prejudice to prompt renewal. The petitioner has made no showing that a stay is appropriate under the relevant factors. *See Nken v. Holder*, 556 U.S. 418, 434 (2009). In any renewed motion seeking a stay or injunctive relief, the petitioner must discuss the relevant factors, especially its likelihood of success on the merits. *See id.*
