Respondent.

WINCHESTER DAM REPAIR
PROJECT, APPROVAL 2018-505-1

ORDER ON PETITION FOR
RECONSIDERATION

The Department of Environmental Quality (DEQ) received a timely petition for reconsideration from WaterWatch of Oregon, the Native Fish Society and Steamboaters (Petitioners) of the March 2, 2023, order of the Oregon Department of Environmental Quality ("Department" or "DEQ") granting 401 Water Quality Certification for application 2018-505-1, the Winchester Dam Repair Project. DEQ has additionally received new information from the applicant regarding the proposed project. For these reasons, DEQ grants the petition for reconsideration and will issue a new order upon completion of the agency review.

DATED this 30th day of June 2023.

Steve Mrazik, Water Quality Manager
Oregon Department of Environmental Quality.
